

Ohlson 38

Designed by Einer Ohlson

L.O.A.	L.W.L.	Beam	Draft	Disp.
37'-6"	26'-3"	10'-3"	5'-7"	6.55T
11.42m	8.00m	3.12m	1.70m	6650kg

Ian G. Gilchrist

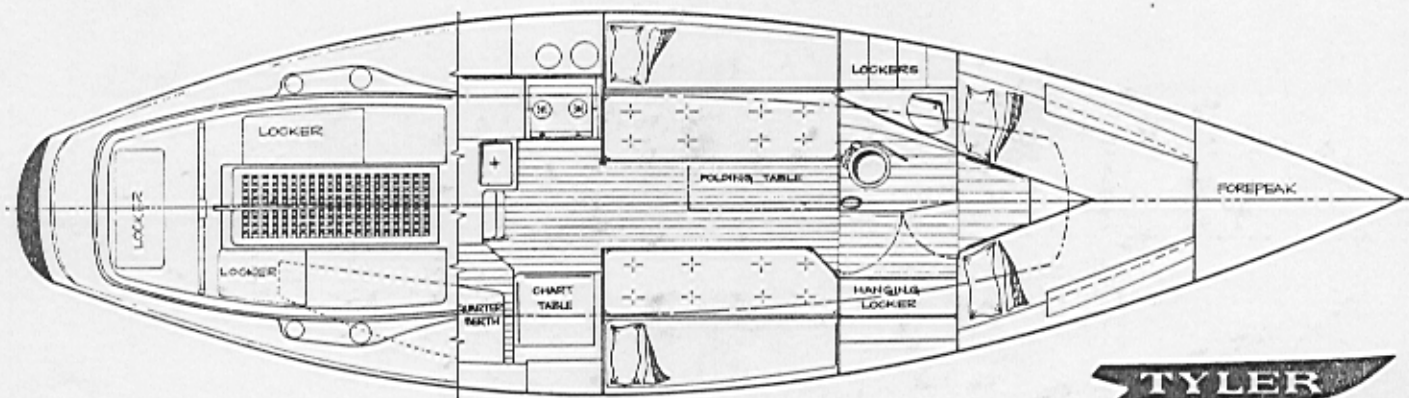

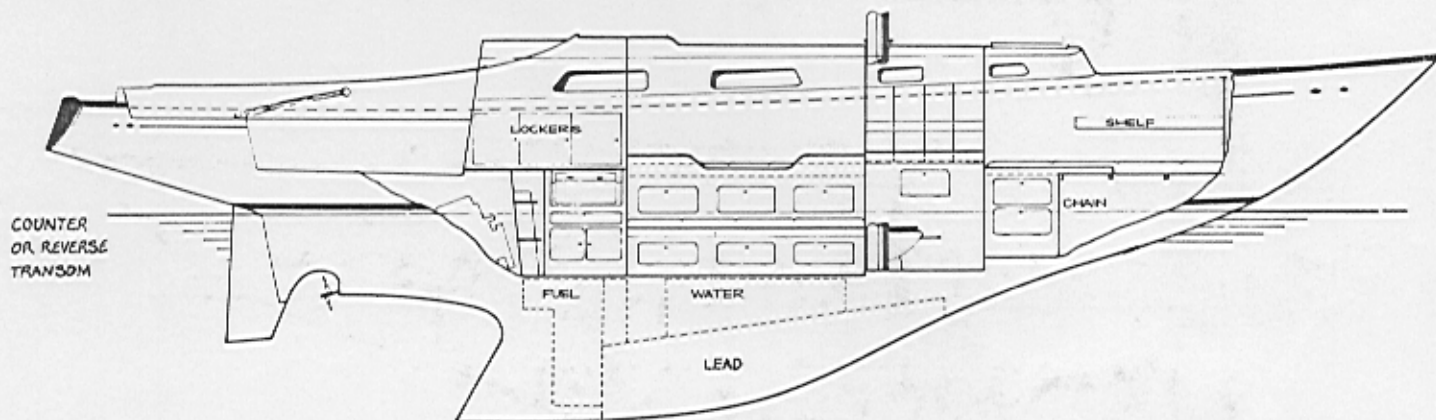

The beautiful Ohlson 38 is a classic example of the modern fast cruiser, with looks, performance and accommodation to satisfy the most discriminating. Three fine yards fit out this class to impeccable standards — the Ohlson yards in Sweden, Mathiesen and Paulsen in Germany and Alexander Robertson in Scotland. "Pageant" capped a string of successes with a class win in the 1970 Bermuda Race. Brochure available. Mouldings available from Tylers.
